

WAREMA

Water Resource Management in Protected Areas

The Conference aims to bring together experts and local authorities, exchange opinions and results, highlight EU experiences in protected areas and water resource management, presenting the most important WAREMA issues. The project applies a participatory method in compliance with WFD's recommendations and develops a shared vision of watershed management.

The integration of water protected areas into watershed management frameworks offers a range of win-win opportunities. These protected areas can ease link of biodiversity conservation with water management especially flood and flow management and human health objectives.

- 09,00-09,30 Registration of participants
- 09,30-09,40 Welcome of FVG Region (A.Viola, FVG Director)
- 09,40-10,00 WAREMA: water management in 4 protected areas (L. Alfarè, Warema Transnational Coordinator)
- 10,00-10,20 Participation process in water management (N. Crysoyelos, MEDSOS)
- 10,20-10,40 Spatial Planning Concept (K. Gombas, University of West Hungary)
- 10,40-11,00 The project in Friuli Venezia Giulia (P. Suber, Region FVG)
- 11,00-11,20 COFFEE BREAK
- 11,20-11,40 Spatial planning for development (D.Cosatto, Torre, Natisone Collio Mountain Community)
- 11,40-12,00 Panel session (Representatives of Warema Partnership)
- 12,00-12,20 The new programme period (JTS)
- 12,20-12,40 QUESTIONS
- 12,40-14,00 LUNCH
- 14,30-14,50 The WFD in Europe (N. Toniutti, WWF)
- 14,00-14,30 The experimental approach used by ARPA in FVG (R. Zorza, ARPA Friuli)
- 14,50-15,10 Water management as development strategy (E. Ruoss, UNESCO Office in Venice)
- 15,10-15,30 Water management in protected areas (international expert)
- 15,30-15,50 The Water School (Angelika Staats)
- 15,50-16,10 Flood management in protected areas (Petr Cupa, Lower Moravia Biosphere Reserve)
- 16,10-16,30 The River Contract approach (A. Valentinelli)
- 16,30-16,50 DEBATE
- 16,50-17,00 CONCLUSIONS
